

ASSESSMENT 2020 WEST AFRICA COASTAL AREAS CARTOGRAPHY

CRITICALITY INTERVENTION AND MONITORING-OBSERVATION

CRITICALITY INTERVENTION AND MONITORING-OBSERVATION

MONITORING-OBSERVATION

Intensive and regular monitoring

Regular monitoring

Watch keeping for anticipation

CRITICALITY INTERVENTION AND MONITORING-OBSERVATION

Modified since 2015. Red: increased criticality. Blue: reduced criticality.

HABITAT

Desert area

Encampment / Small village

Rural

Rural

Urban

Mangrove / Wetlands

HAZARDS

Coastal erosion

Soil erosion

Marine submergence

Rain and/or river flooding

Industrial risk

Destruction of built structures

Accretion

STAKES

Fishing port - disembarkation point

New harbor or extension

Harbor

Industrial site

CONSERVATION

RAMSAR Site

Marine Protected Areas

Terrestrial Protected Areas

HAZARDS

Pollution

Accretion

Overgrowth of mangroves

Overgrowth of jellyfish

Salinization

Beach materials extraction

Nothing to report

STAKES

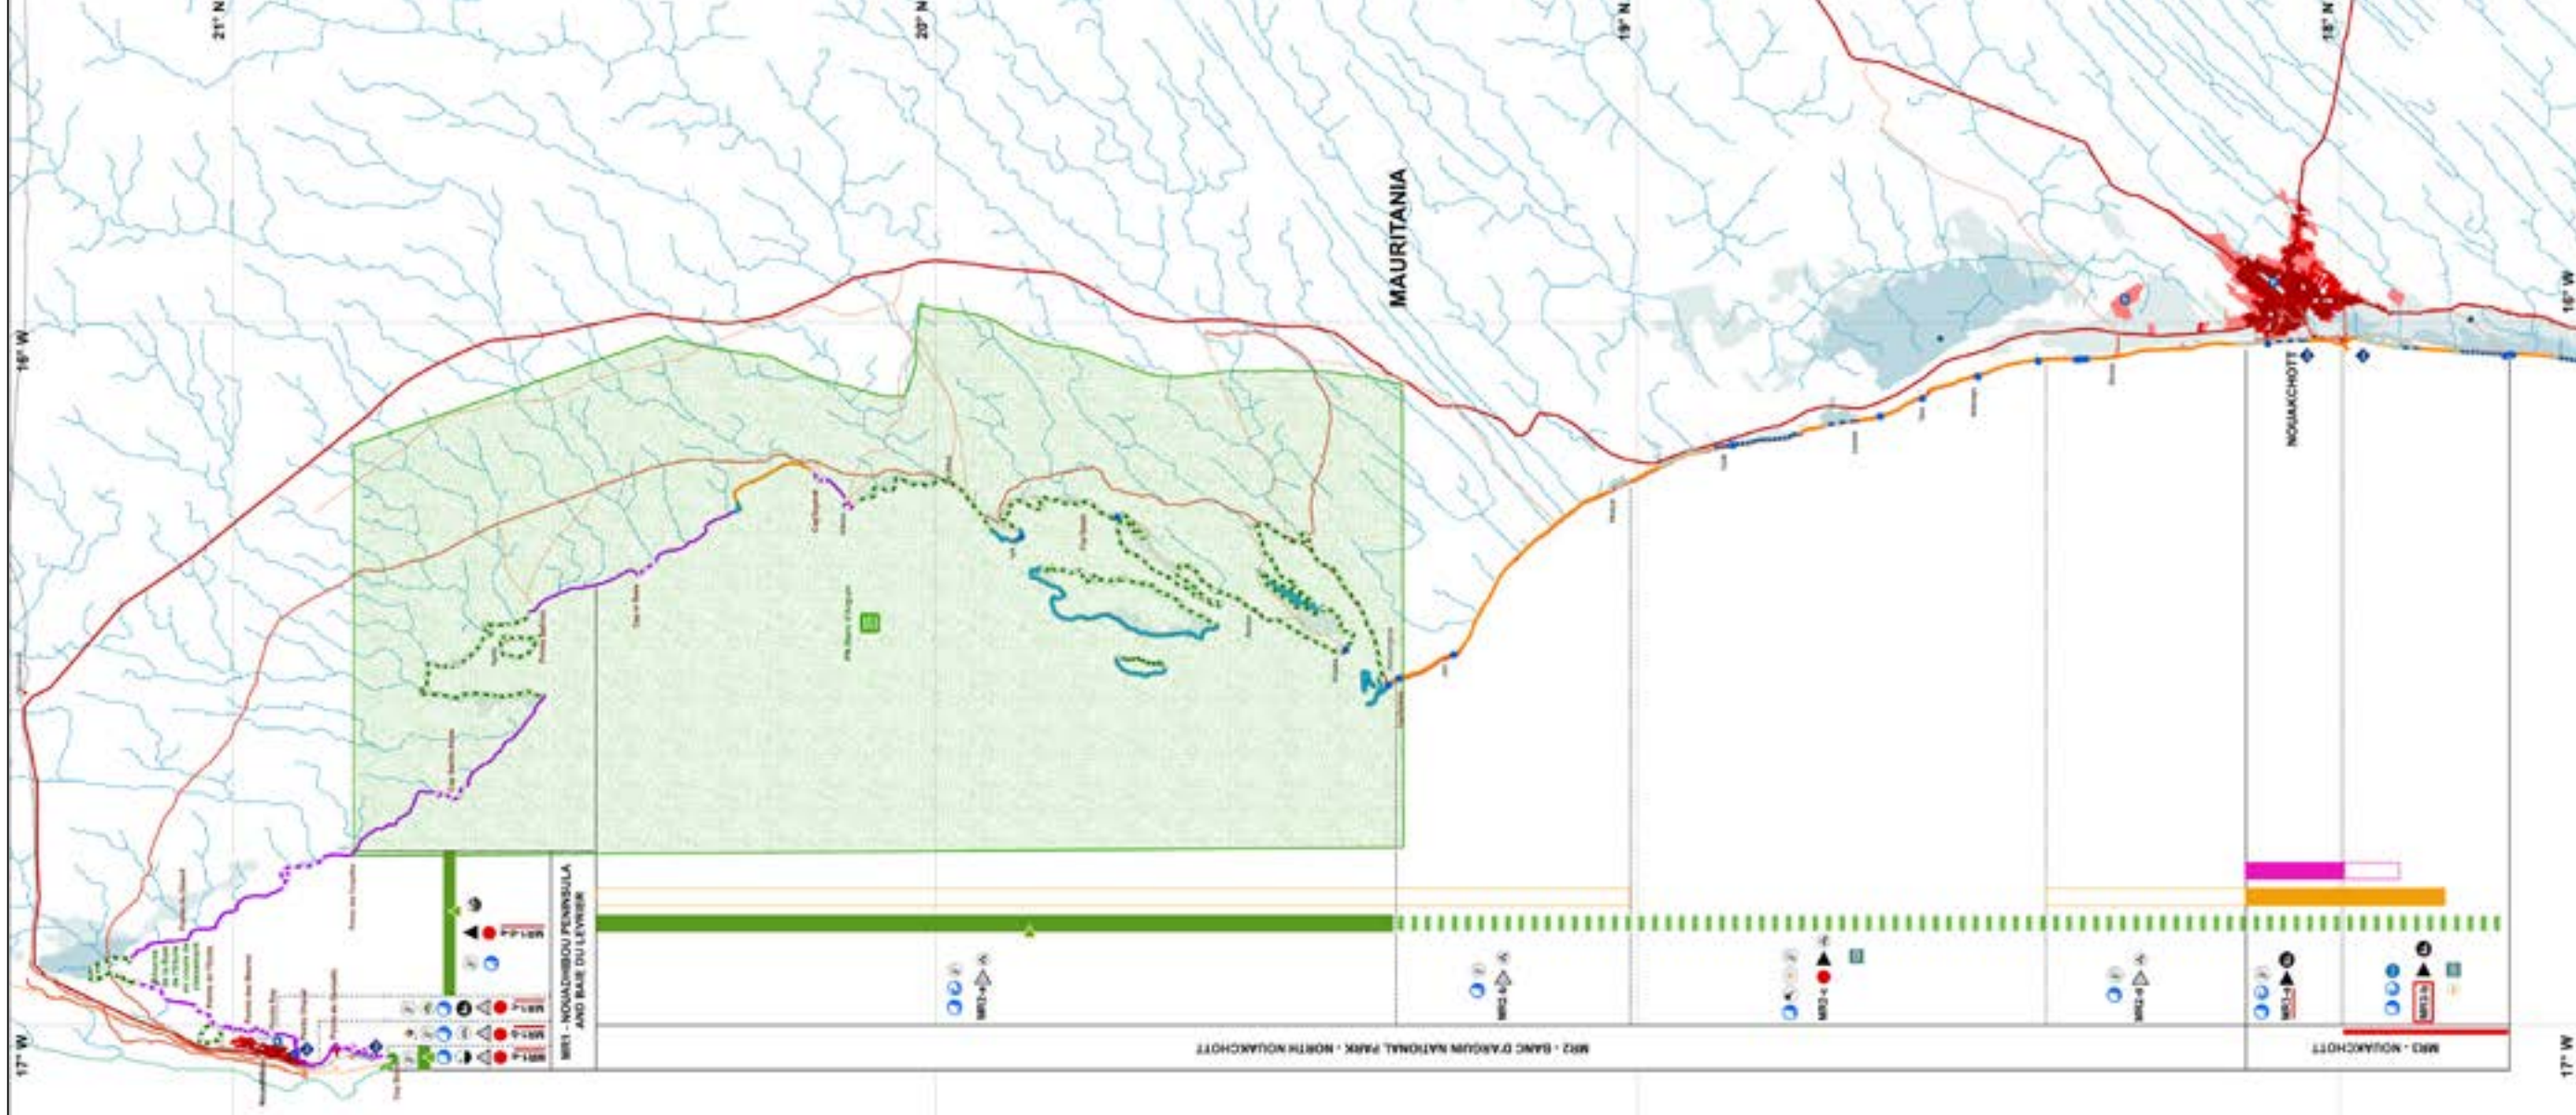

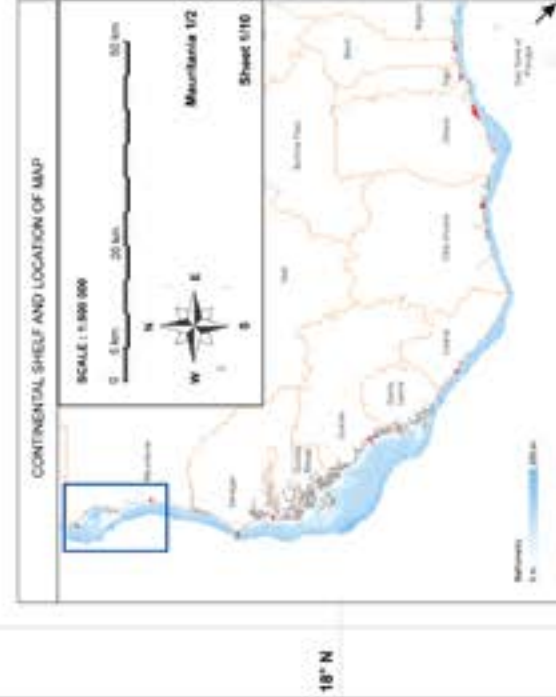

Fishing port - disembarkation point

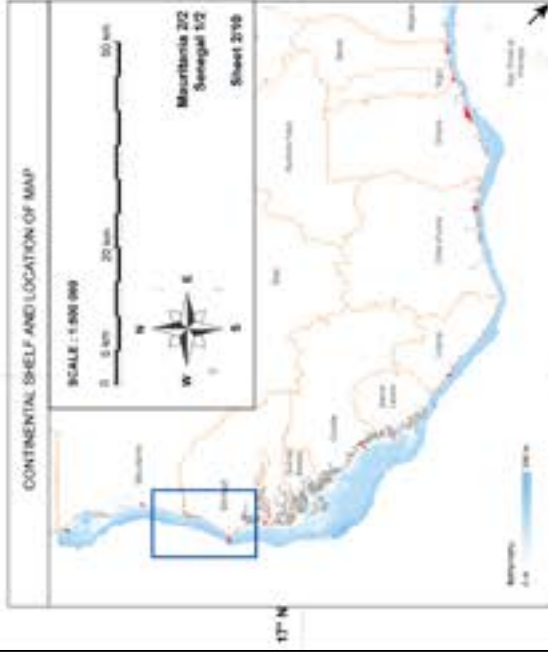

Salt production and/or extraction area

Extractive industry

Dedicated extractive industry

Oil and Gas exploration/exploitation

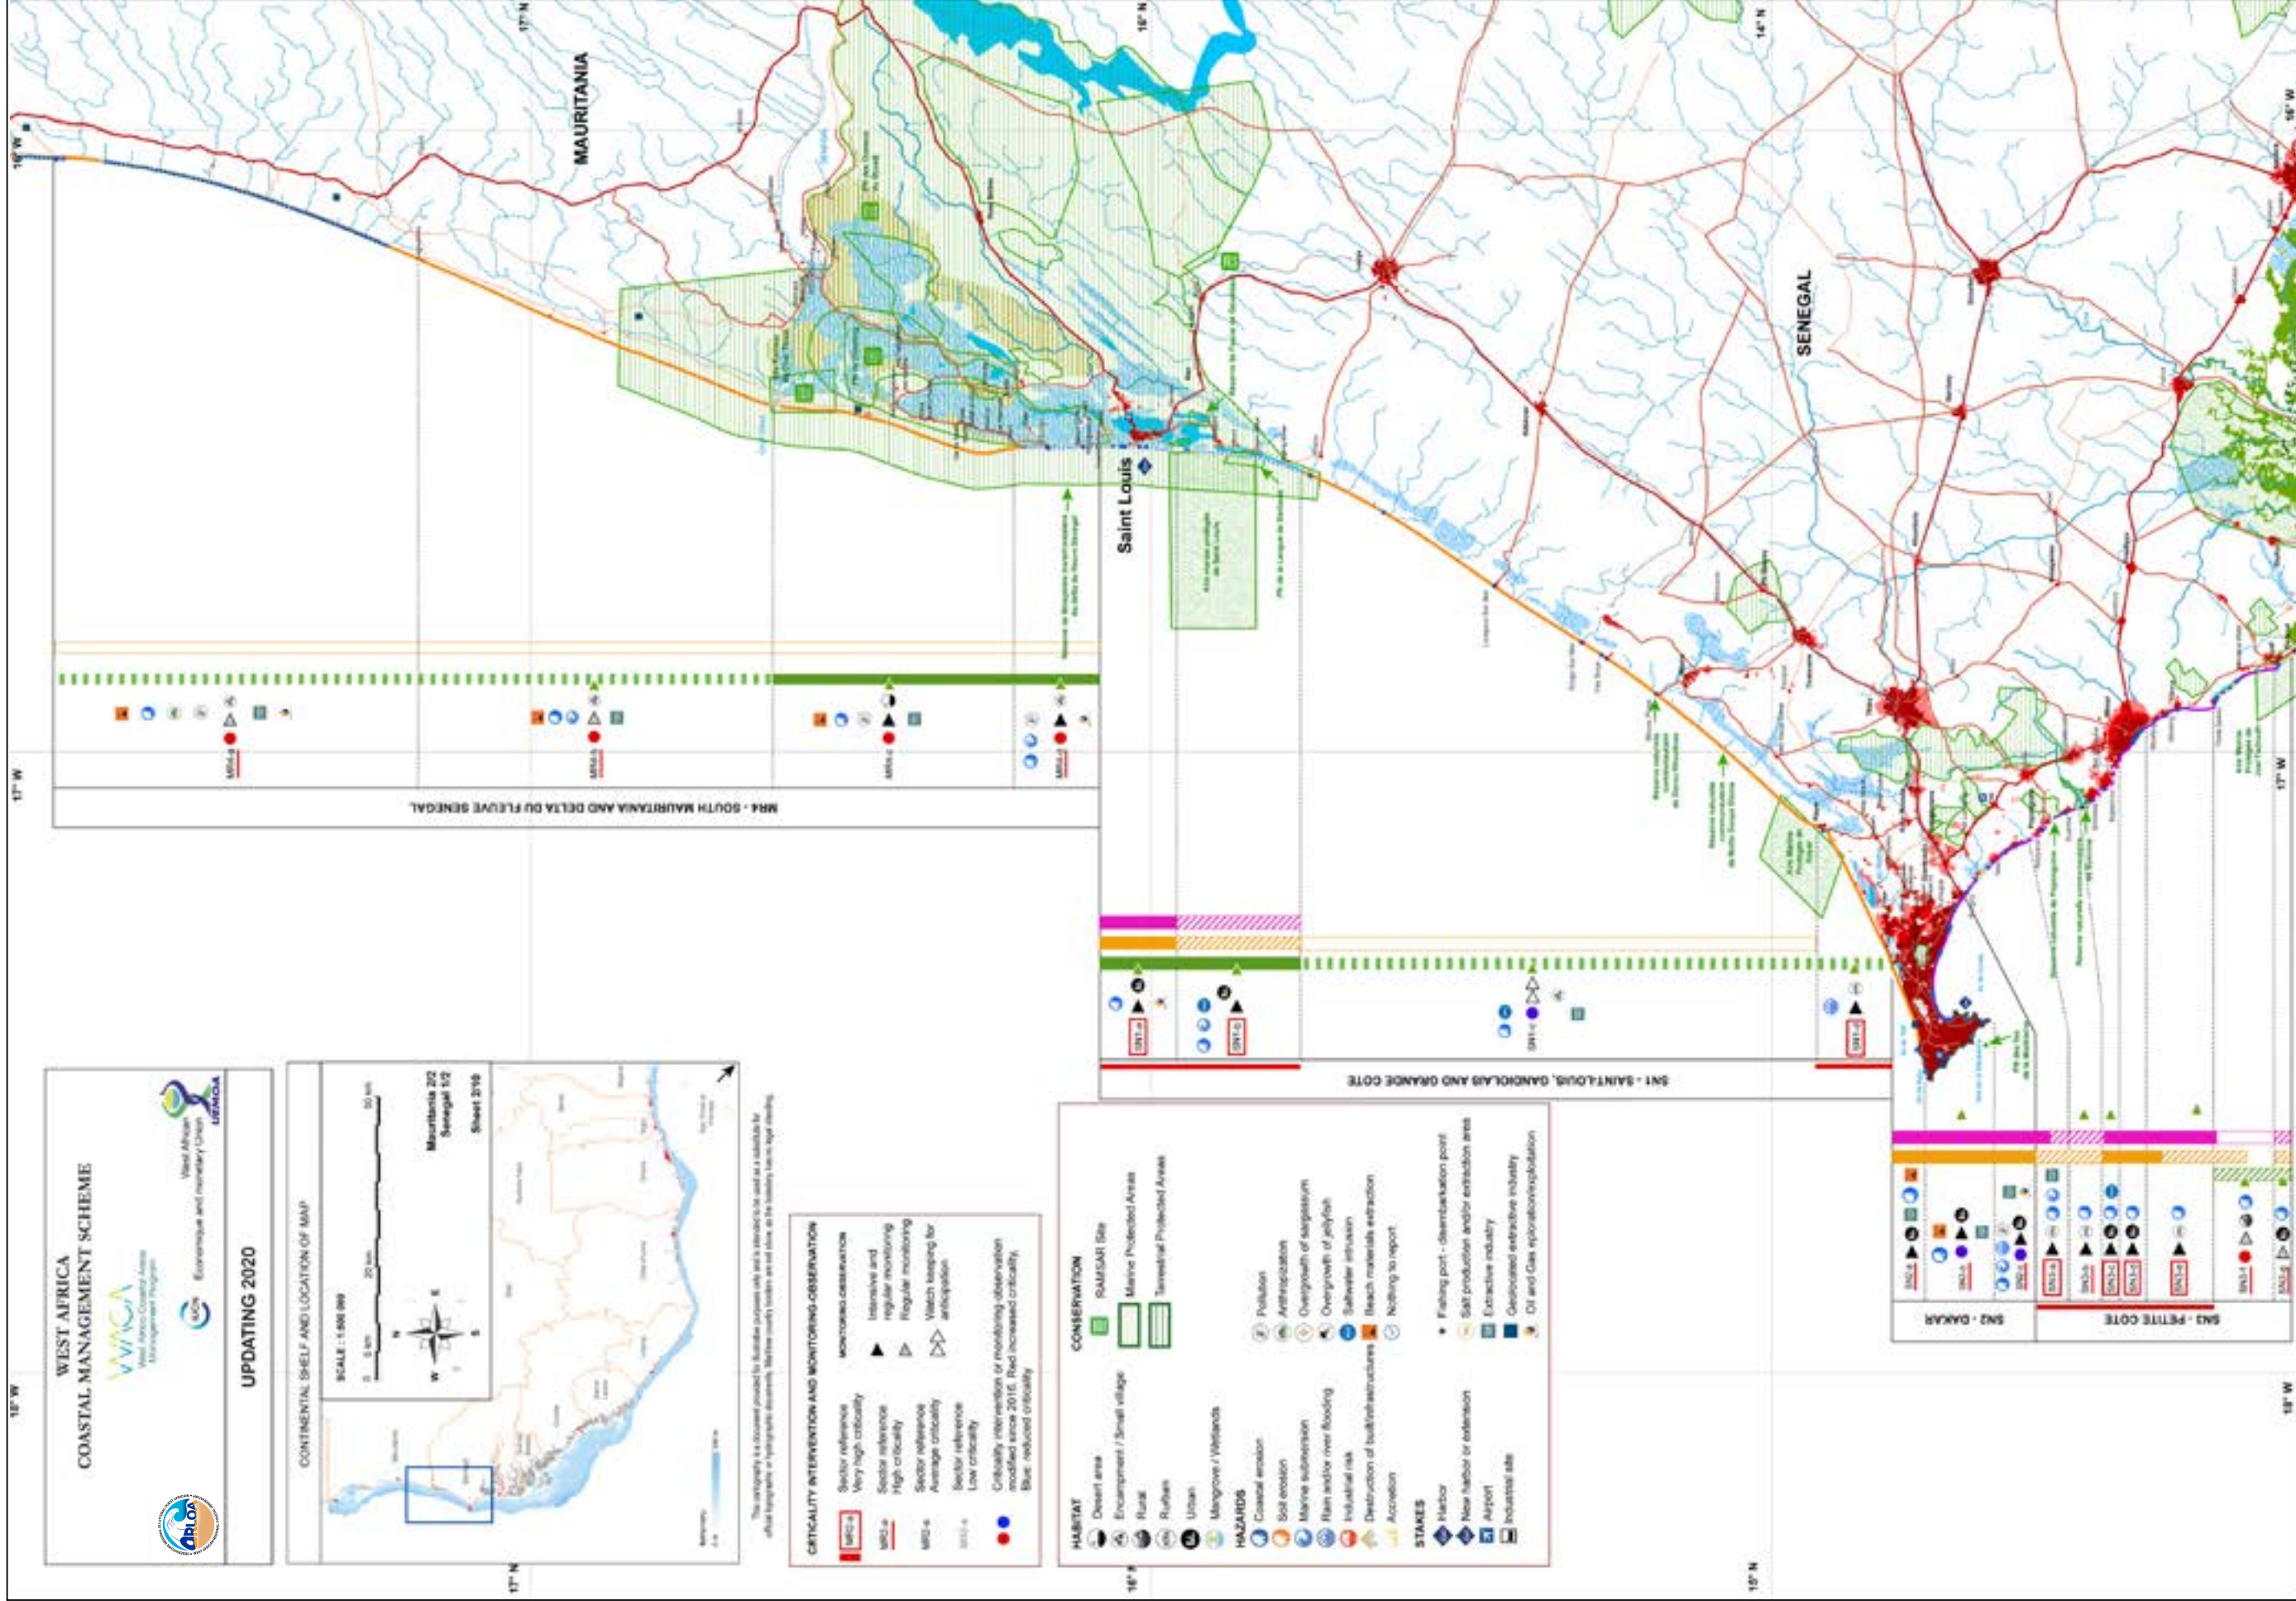

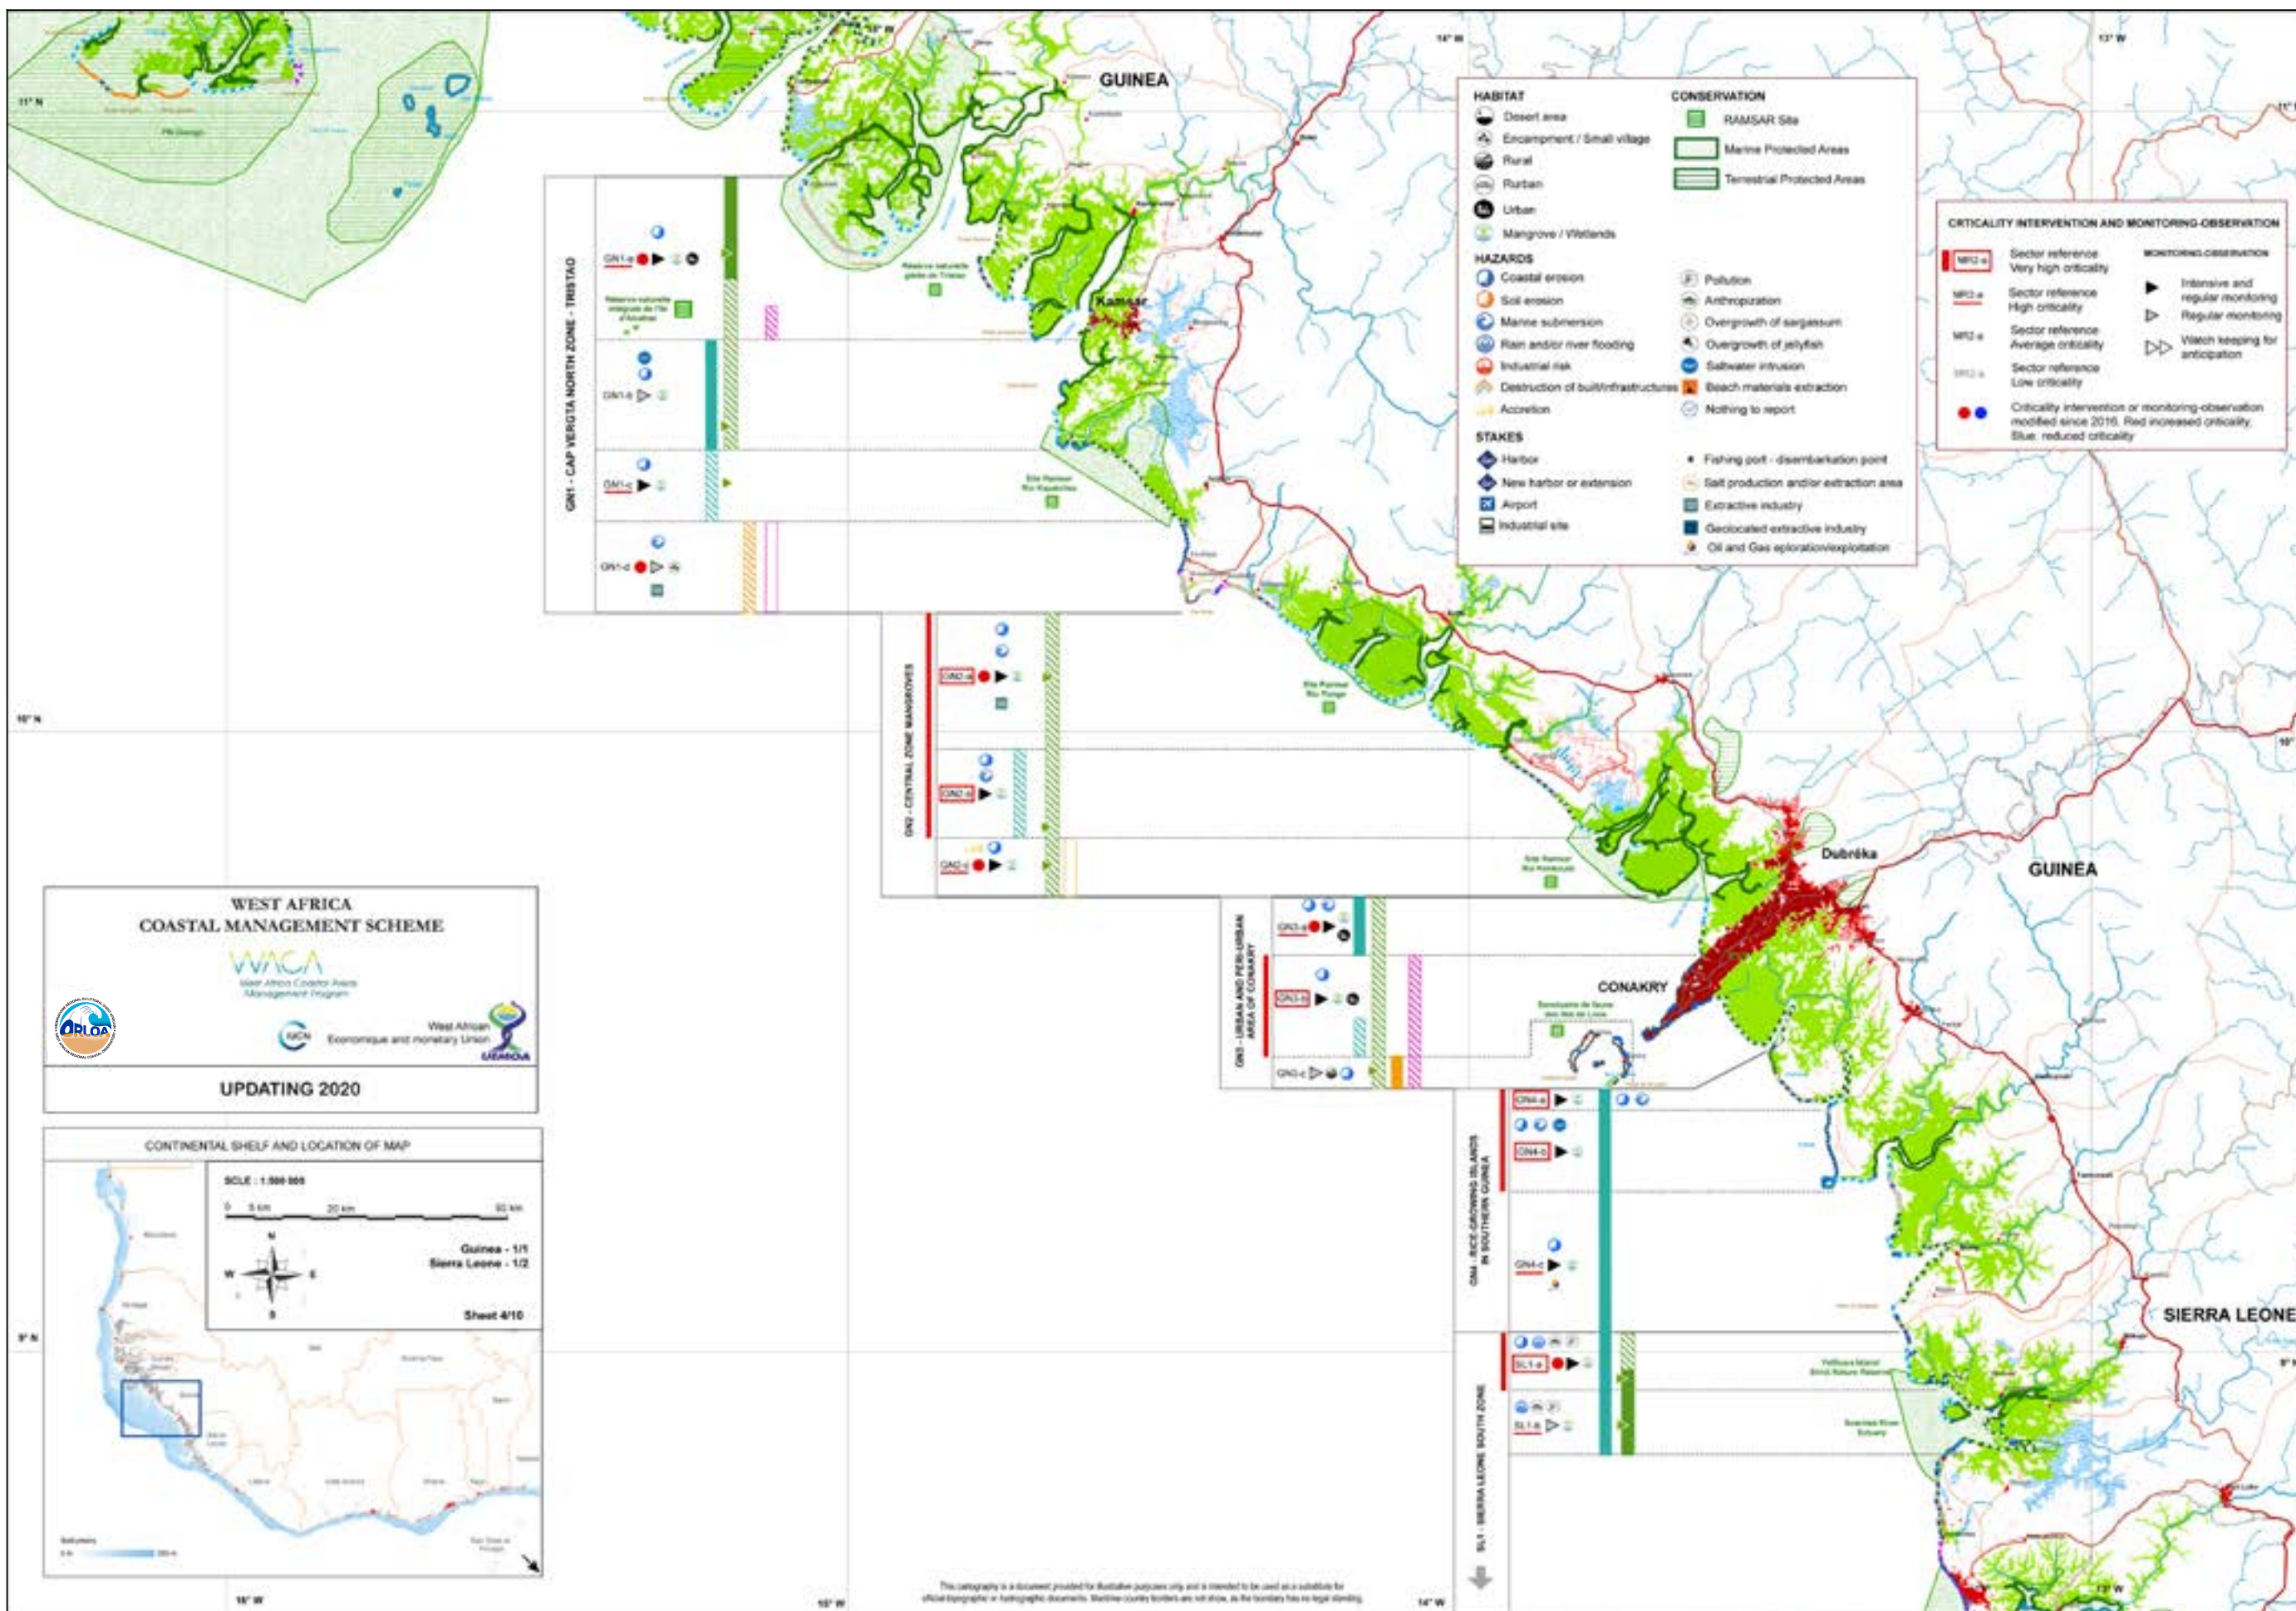

The cartography is a document provided for illustrative purposes only and is intended to be used as a substitute for official cartography or hydrographic documents. Marine boundary markers are not shown as the boundaries have legal standing.

CRITICALITY INTERVENTION AND MONITORING OBSERVATION

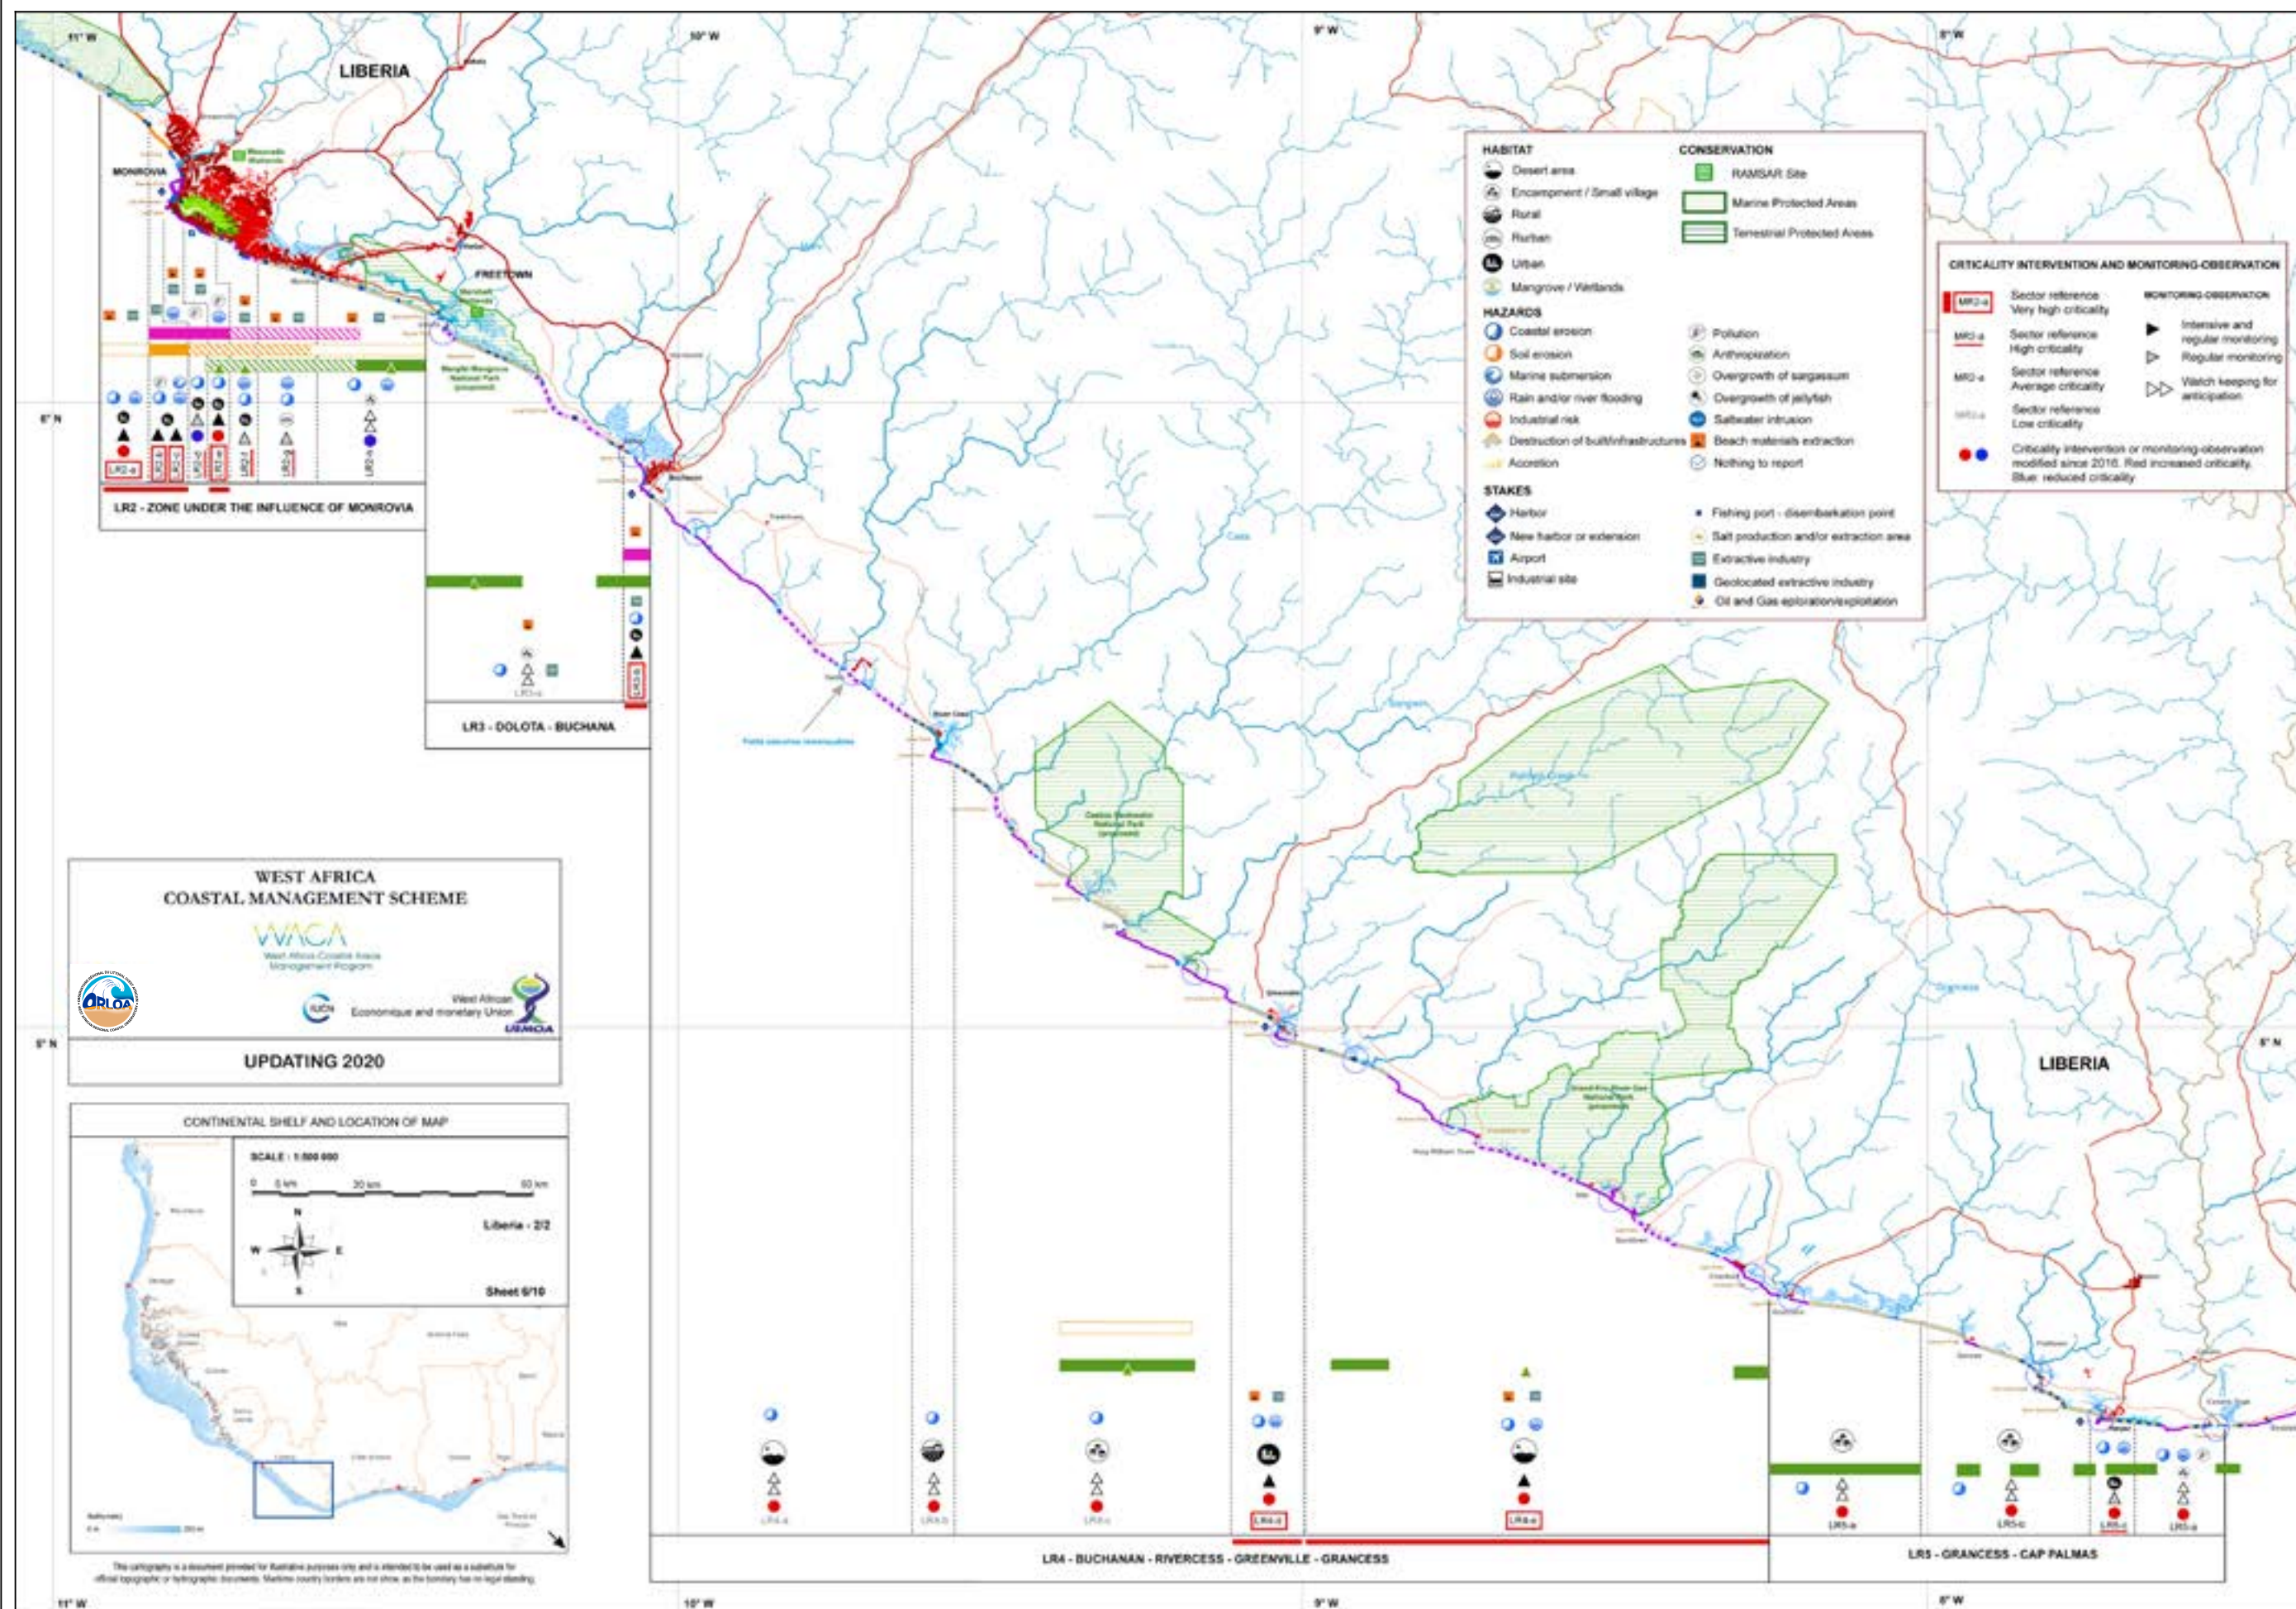

- CRITICALITY**
- Very high criticality
 - High criticality
 - Average criticality
 - Low criticality
 - Criticality intervention or monitoring observation modified since 2016. Red: increased criticality. Blue: reduced criticality.
- MONITORING OBSERVATION**
- Intensive and regular monitoring
 - Regular monitoring
 - Watch keeping for anticipation

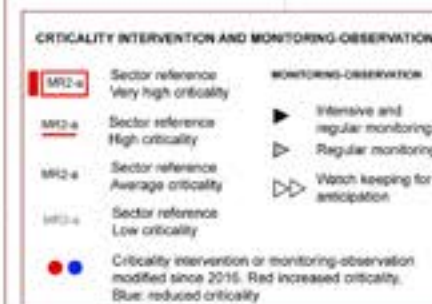

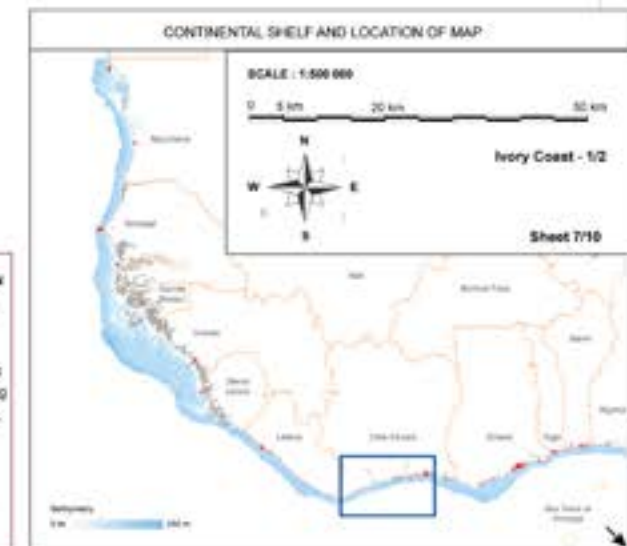

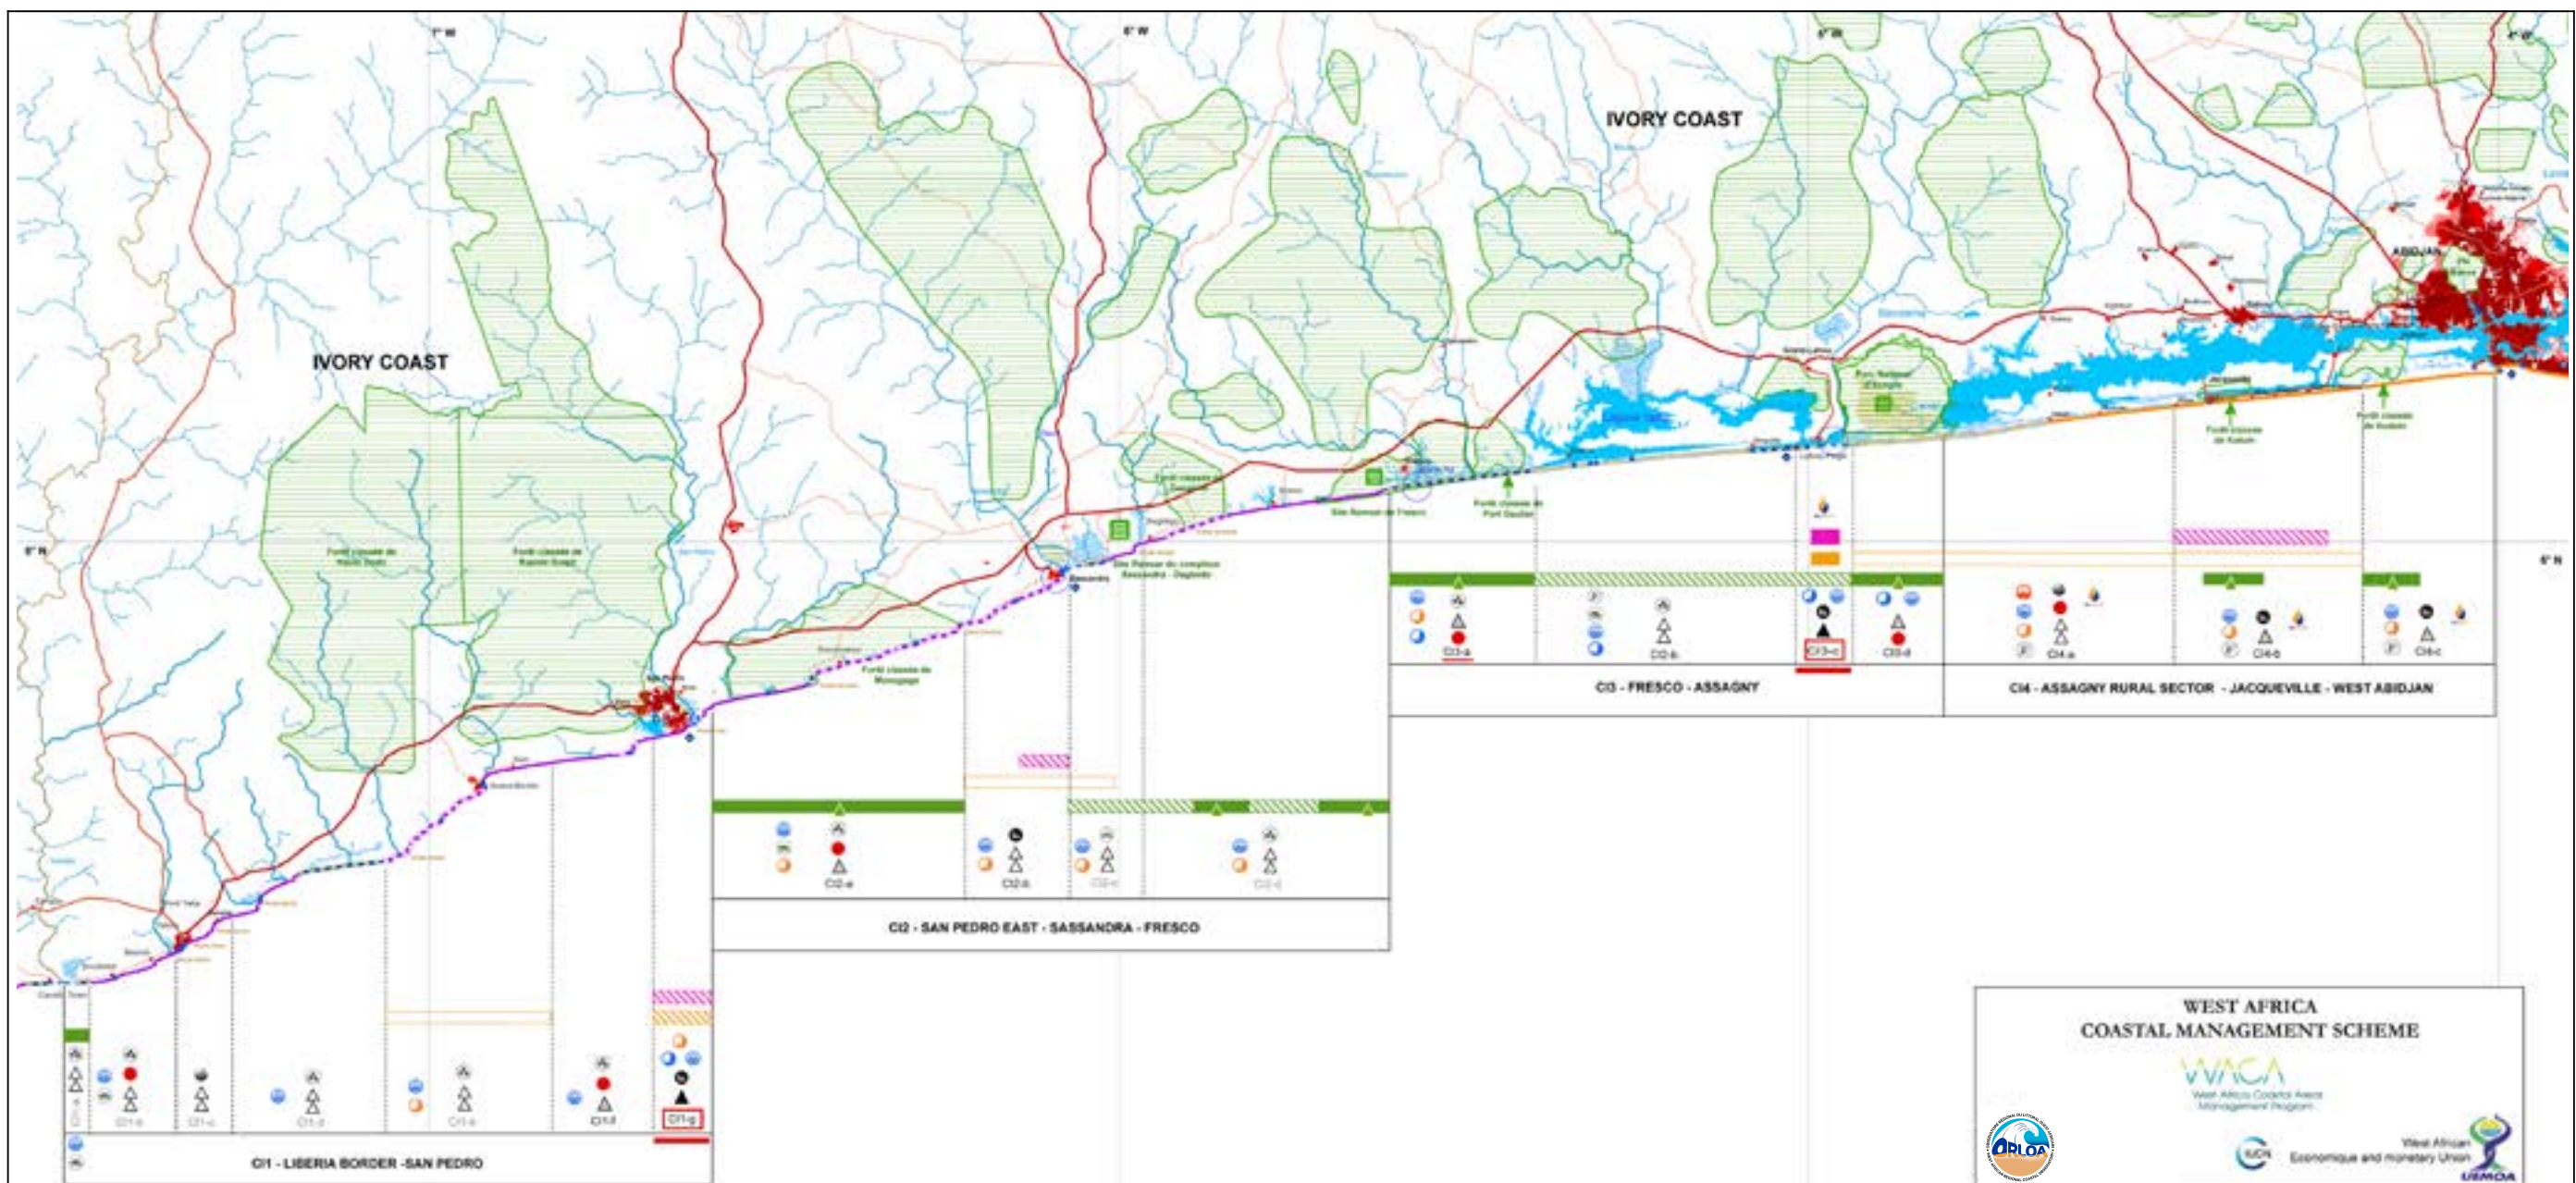

- HABITAT**
- Desert area
 - Encampment / Small village
 - Rural
 - Ruined
 - Urban
 - Mangrove / Wetlands
- HAZARDS**
- Coastal erosion
 - Soil erosion
 - Marine submergence
 - Rain and/or river flooding
 - Industrial risk
 - Destruction of built infrastructure
 - Accretion
- CONSERVATION**
- RAMSAR Site
 - Marine Protected Areas
 - Terrestrial Protected Areas
- STAKES**
- Fishing port - Quantification point
 - New harbor or extension
 - Industrial site
 - Oil and Gas exploration/exploitation

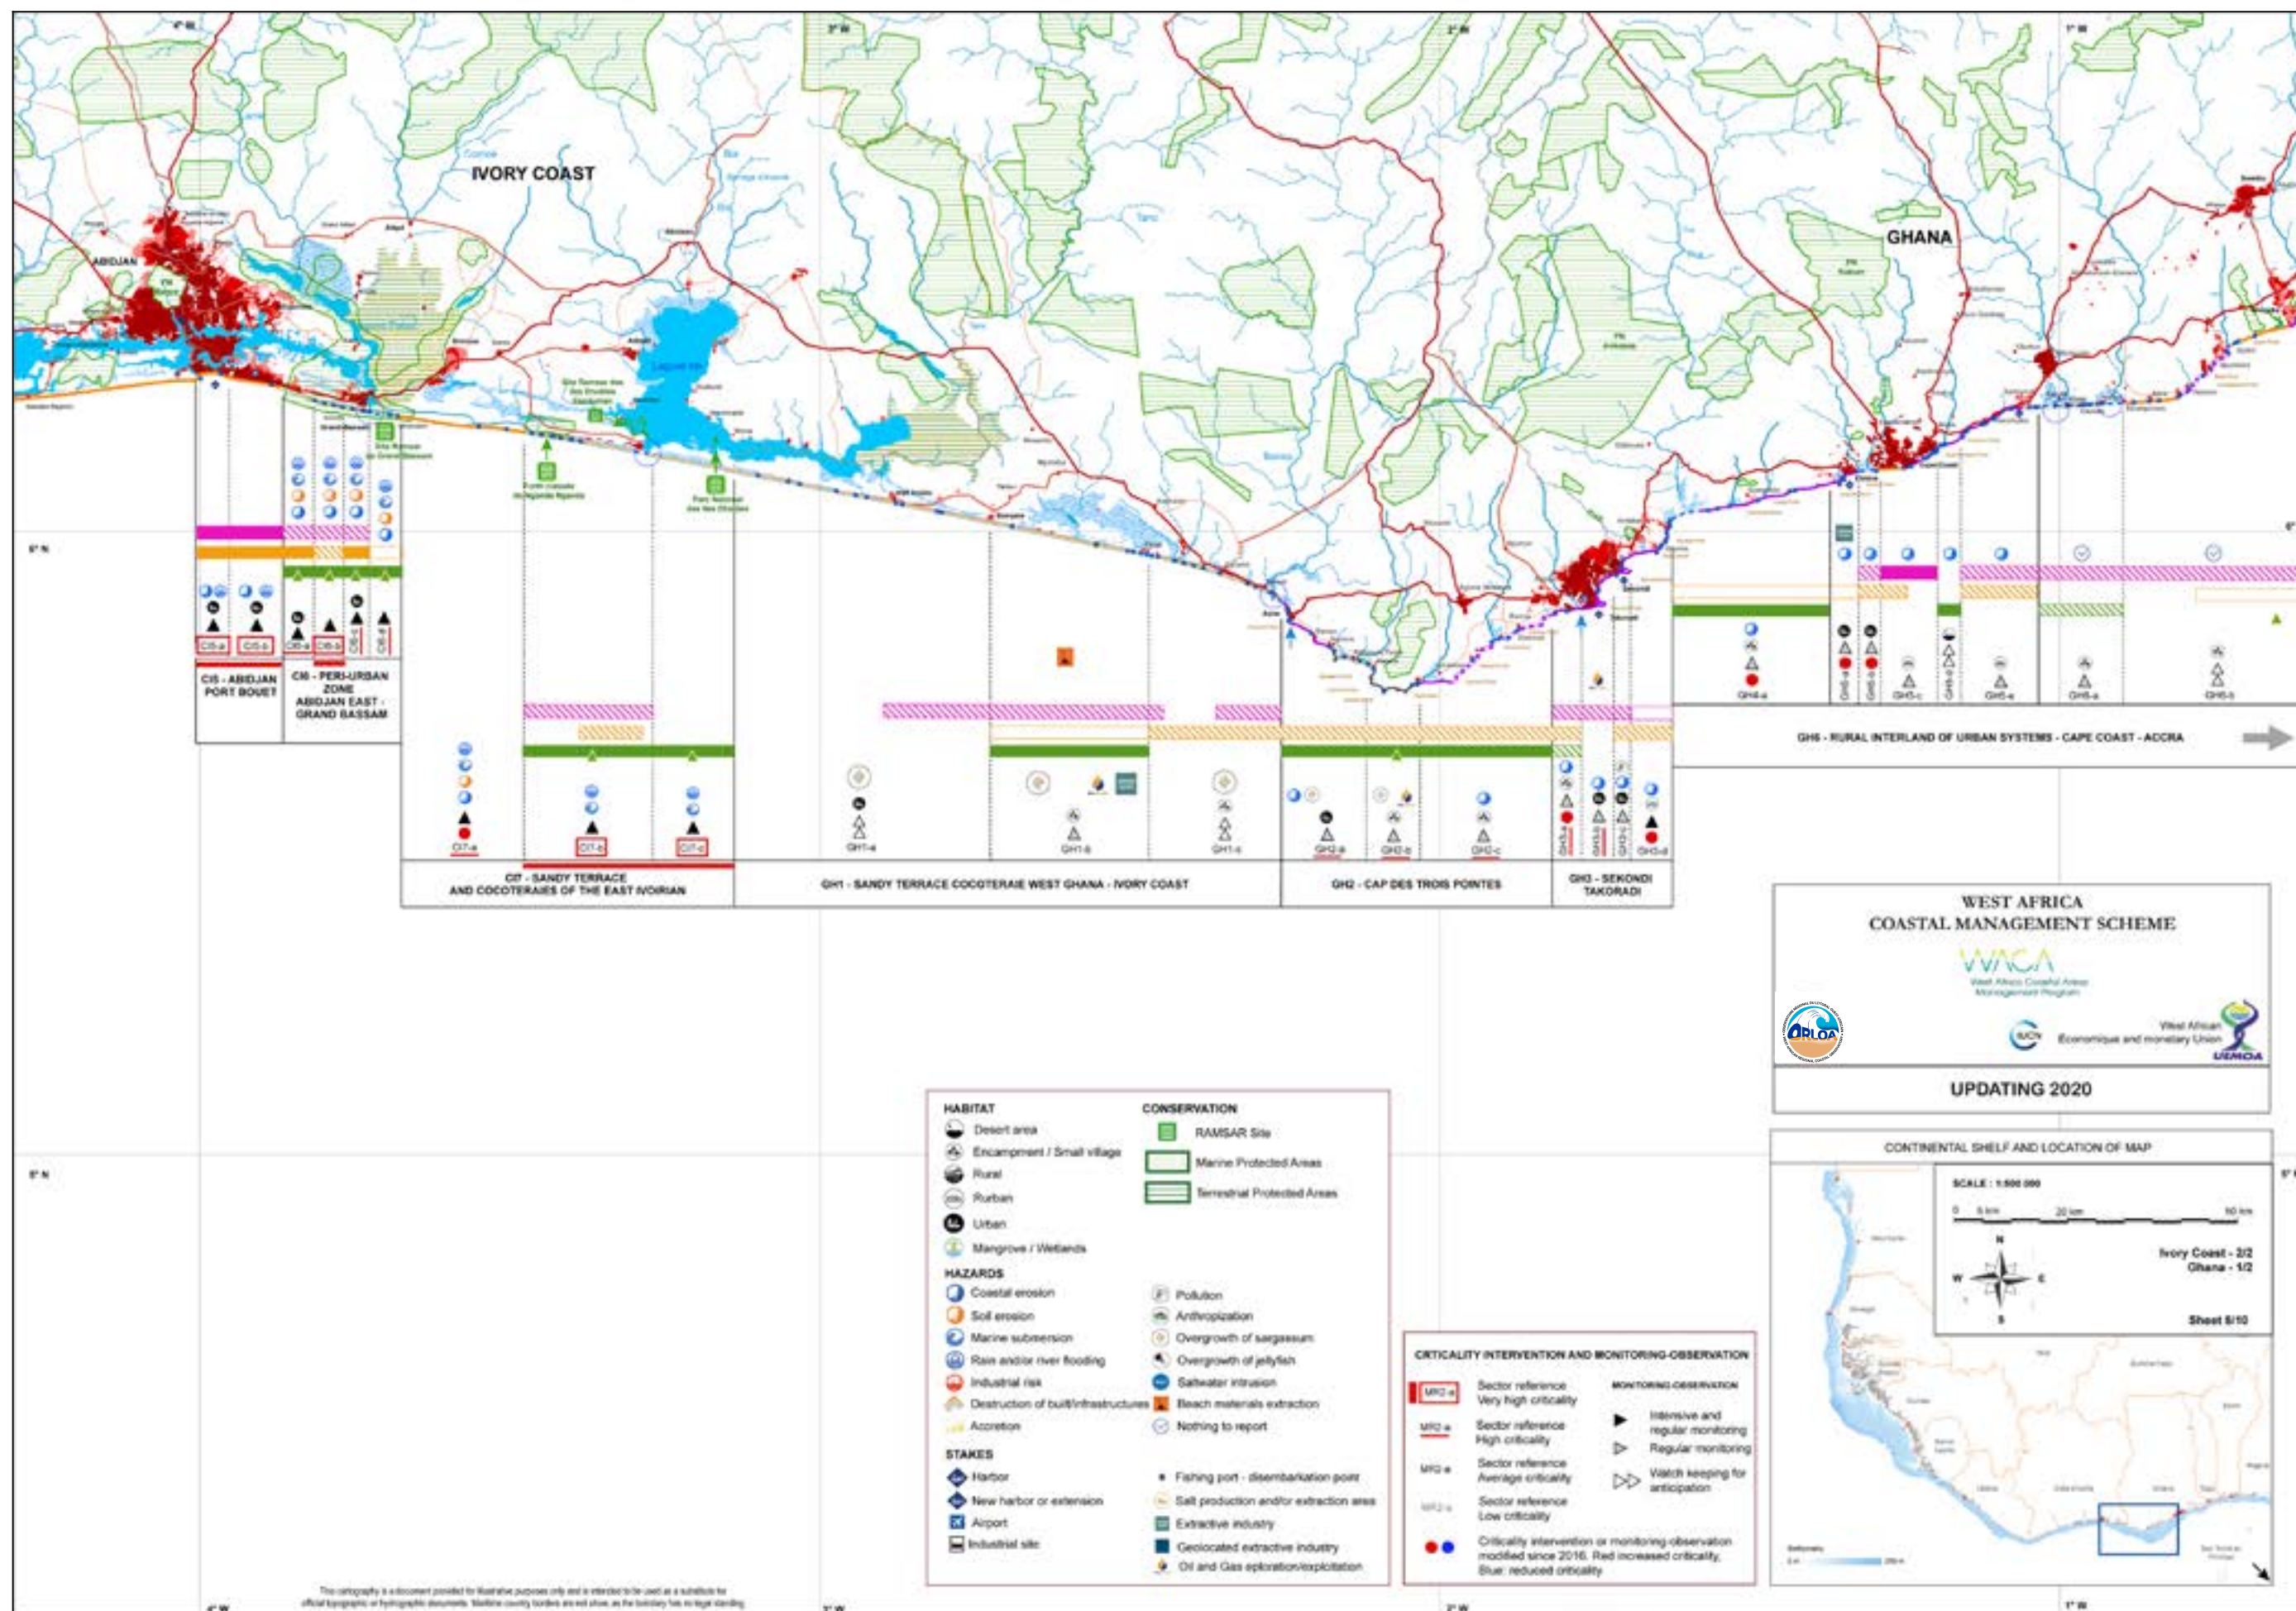

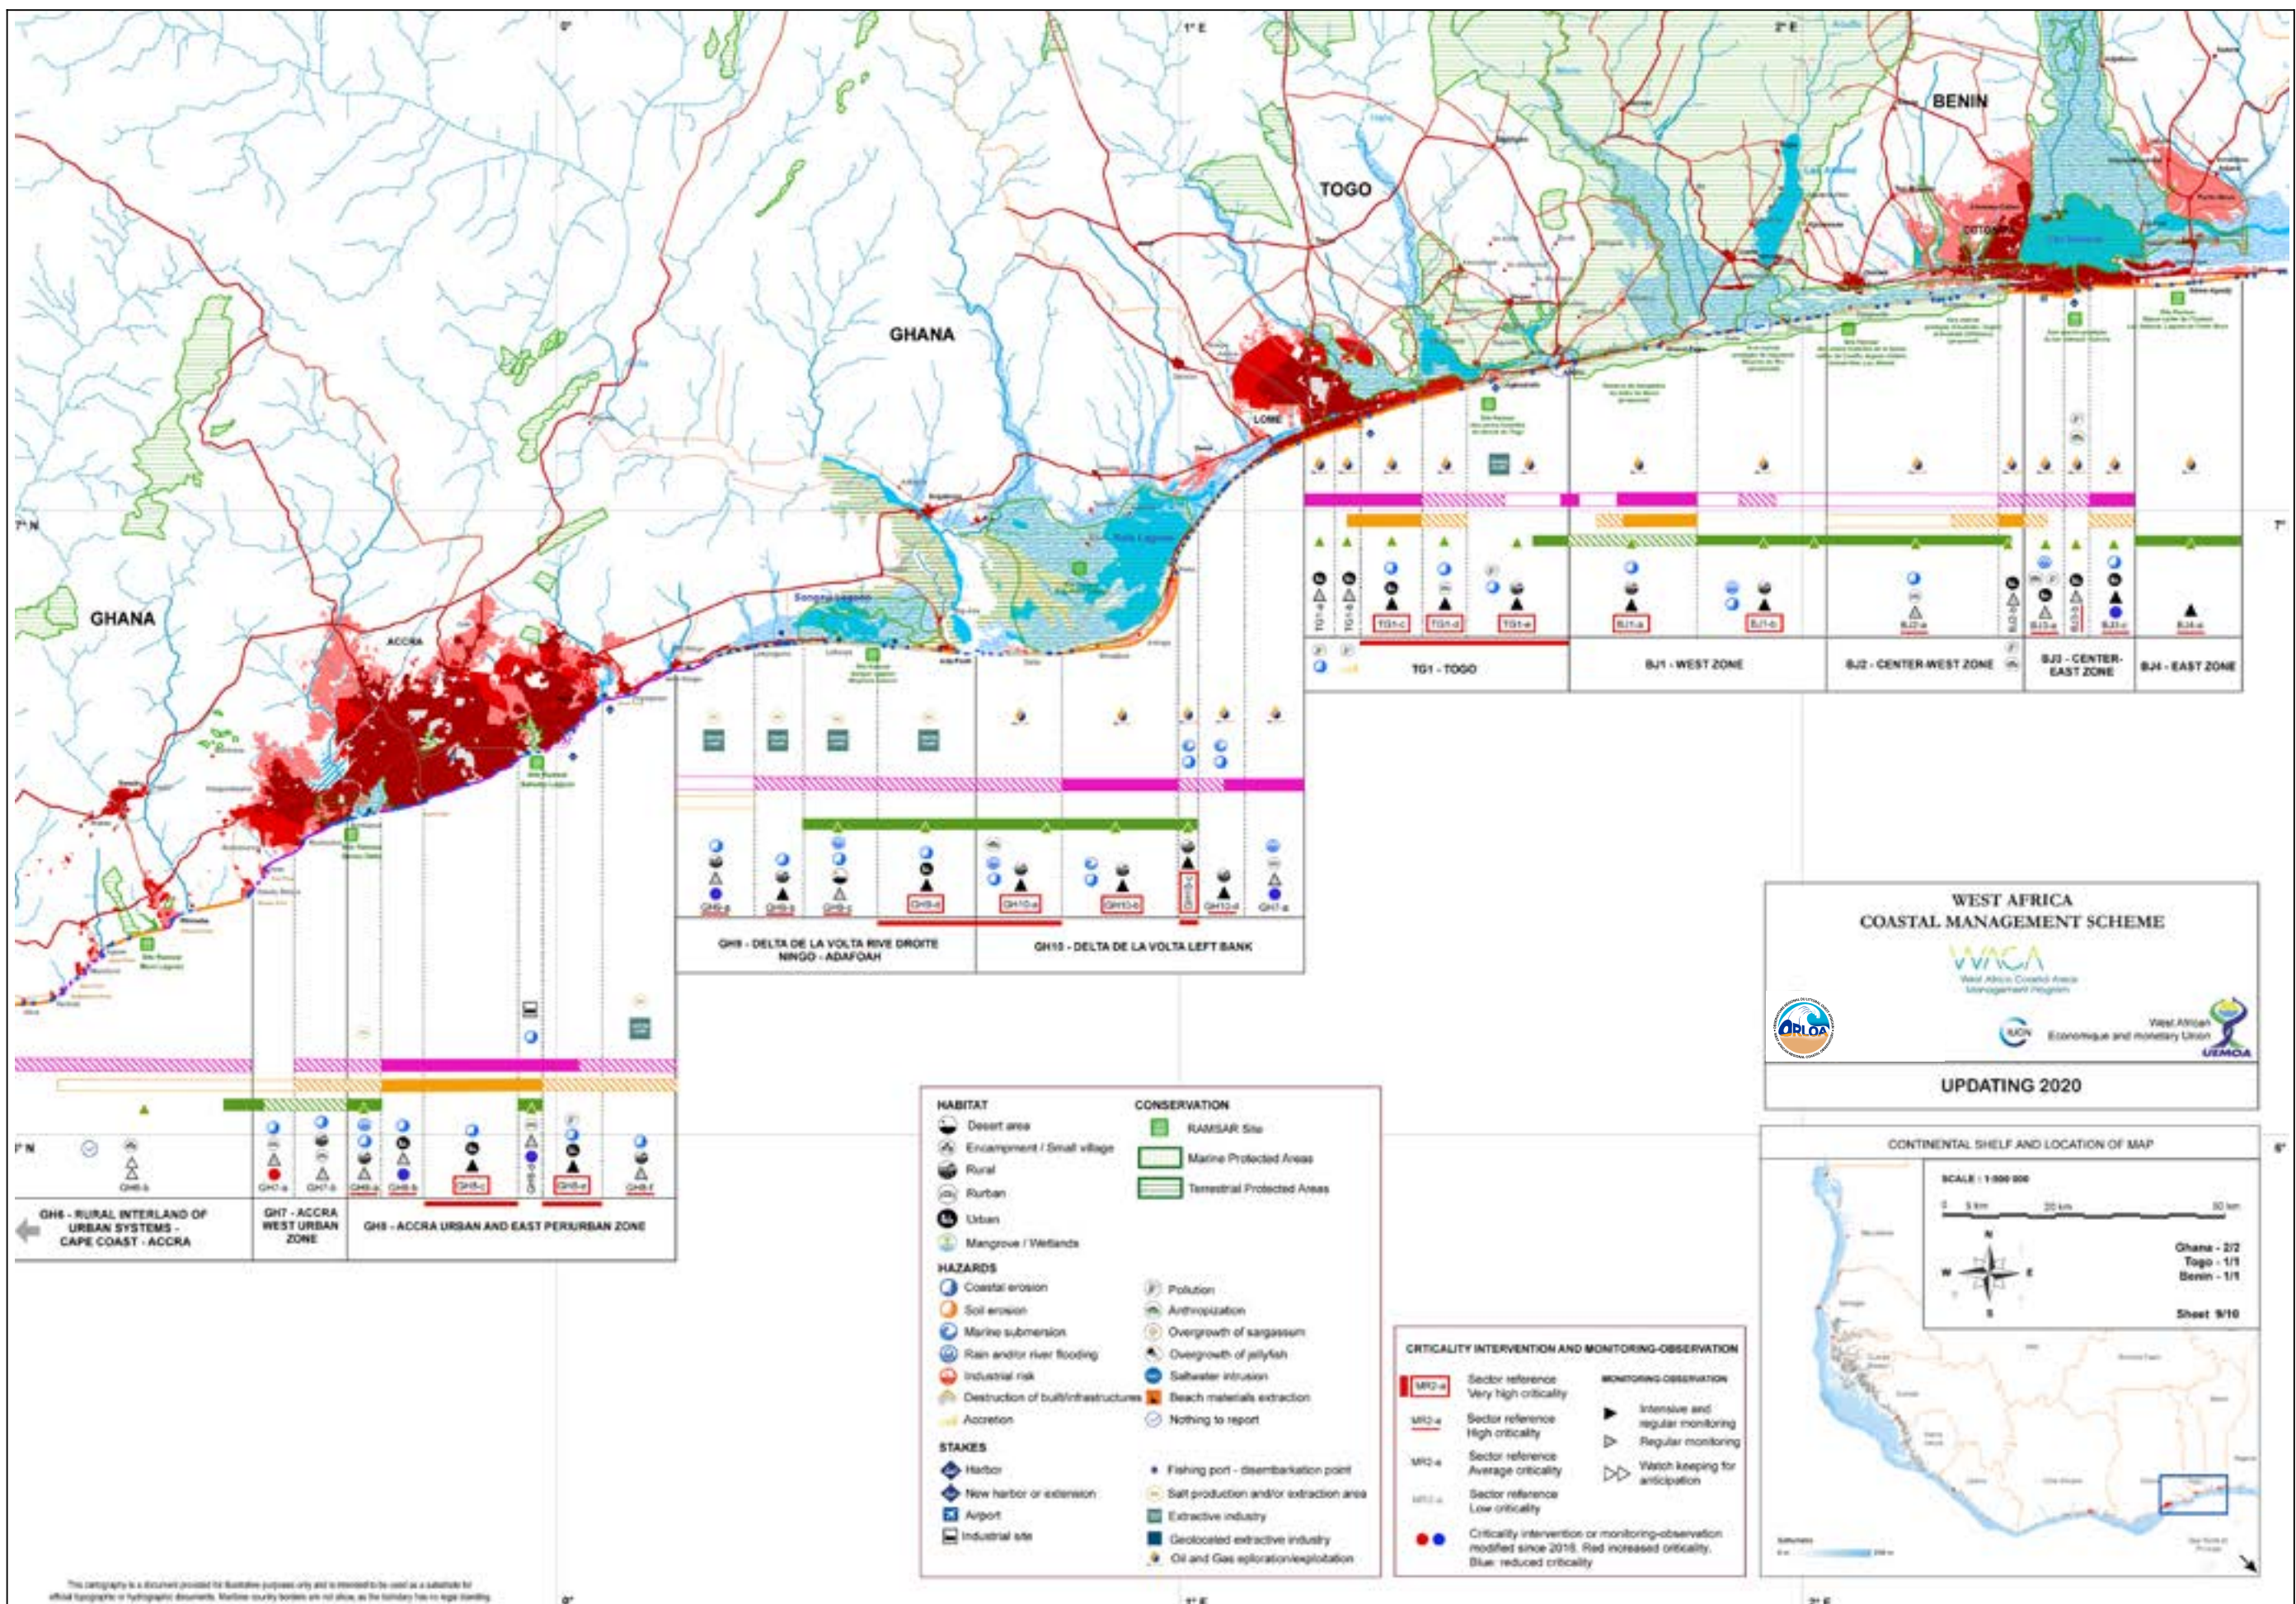

This cartography is a document provided for illustrative purposes only and is intended to be used as a substitute for official topographic or hydrographic documents. Maritime country borders are not shown, as the boundary has no legal standing.
